# Universal SteriBump™

Why "bundle" when you can "BUMP"®

PATENT APPLIED FOR

No more bundling sterile towels, no more having valuable OR staff being pulled away from their primary responsibilities to elevate the extremity. IMP has developed this product that will save both time and money.

IMP's multi-use Universal SteriBump™

contour cradles and elevates the patient's extremities in the sterile field. Rectangle design provides multiple heights.

Latex Free foam

Sterile

Eliminates cross contamination by guaranteed sterility.

**IMP...THE OPERATIVE WORD  
IN PATIENT POSITIONING**
